GET BACK?**

NO

Payments made after the 1st of the month are late. There are no exceptions.

If the 1st falls on a weekend or during a break, it should be paid (1) before the weekend/break (2) during posted holiday hours (3) e-mail/call to schedule payment drop-off (*before the first*).

What happens if I am late?

Late Payments are subject to Late Fees

If paid within 10 days (on or before the 11th), the late fee is \$35.

After 10 days, an additional \$15 fee will occur.

After 30 days, an additional \$25 fee will occur.

Are there exceptions?

We don't like late fees either. If you suspect that you will need to pay late in the future, consider setting up a short term payment plan. This must be done AHEAD of time.
